Religion: We will continue to learn the “Our Father.” We will explore as to how Our Father, dearest God, overlooks all of Earth. <https://www.youtube.com/watch?v=O78UfDkGhRs>

ELA: In our video we will learn more of our Jolly Phonics’ sounds. I will draw your names from hats again and certain children will be asked to identify specific letter “partner pairs.”

Math: In our video we will practice with looking at numbers and then comparing those numbers to the quantities that they stand for as actual objects.

Science: Let’s learn about kittens! Let’s learn about people who help to foster, that means “to take care of” kittens and cats (and anything) that needs our loving attention. In our video I will share with you Baby Meiko, a sweet baby boy kitten who had a rough start at life. But through vet medicine, love and attention, good food and medicated water, plus a bundle of help from the Holy Spirit, he is surviving. Always remember how important prayer can be. That is because God hears you. Here is a You Tube video that shows people helping some very young kittens. Maybe someday you can help an animal who needs you.

Specials: In our music lesson we will sing “Blackbird.” Be ready to use your wings and to pretend to fly! Our journal entry for today will be to draw a picture of a Blackbird flying, “into the light of a dark black night.” I will show you an example of this in our video. Please, if possible, post yours on Seesaw.
