PK3

Religion: We will practice the “Angel of God Prayer” and the “Lord’s Prayer/Our Father” in our morning teaching video. Let’s focus mostly on learning the motions that go along with the “Angel of God “ prayer, since the motions will help the children to better remember the words. Close your eyes, make the Sign of the Cross, and say a prayer of thanks to your Guardian Angel. Post it on Seesaw (optional.) I would love to see that!!

ELA: Practice along with the morning video as we learn the nursery rhyme “Pat-A-Cake, Baker’s Man”. We will be reinforcing this lesson with our Haggerty Phonics program and practicing with other rhyming pairs and learning how to segment words. Please watch this cute version of “Pat-a-Cake” by way of YouTube. <https://www.youtube.com/watch?v=yQhg82lrxxo>

Math: We will revisit concepts of heavy as compared to light, which will be shown with objects in the video. Please do related Seesaw activity.

Science/Social Studies: We are going to begin to learn about the life cycle of a butterfly, a most beautiful transformation! After viewing the video, please complete the related Seesaw activity.

Physical Activity: Spoon Relay: Put 2 cones (or whatever you have) about 10 feet apart. Take a sock and make it into a ball. Take the sock and put it on a long spoon. Balance the sock on the spoon and walk back and forth around the cones for 1 minute. If the sock falls, stop and set it back up. Each time you go around a cone you get 1 point. Try this 3 times and try to get better each time.

Specials: Music of our own: Continue to work on building a simple musical instrument and tapping it in tempo to the main chorus of our song! “We all live in a yellow submarine, a yellow submarine, a yellow submarine!” We will practice this song in the video so have the instrument ready, or have fun clapping along.

PK4

Religion: This will be the last week I will have you practice the Lord’s Prayer/Our Father everyday. Next week we will start to work on the Hail Mary.
