Specials: LIBRARY: Author Rex Ogle is writing a serial (look it up!) called Aiden Tyler - Quaranteen in real time. He began 4 weeks ago and the first 3 chapters were webcast while

we were on spring break. The next 2 chapters were webcast last Tuesday. Each webcast is 1 hour long, including breaks between chapters for questions. Please listen to at least the first webcast today. Try to listen to the 2nd on Monday. That way you will be caught up to listen to the next live stream on Tuesday at 1 pm CT (our time). Or you can watch it on demand on Friday.

Sorry for the extra time, but I think you will enjoy not only the story but the process the author is using to write this serial. If you listen to the live streams, you can participate with ideas, questions, and/or illustrations.

The story is geared to 4 - 8th grade but your whole family might be interested as he is writing about things all families are dealing with right now. Please drop me a line to let me know what you think of this (asteffen@olhschool.org). Enjoy your weekend!
