Specials: Art: Did you know Memorial Day was originally called Decoration Day? Originating after the Civil War, people would honor war veterans who died in battle by decorating their graves. It was changed in 1971 when it became a federal holiday. Today, although we still honor those who serve our country, many people decorate the graves of their non-military loved

ones as well. I found some fun flag crafts you might try and use to “decorate” your house or table for Memorial Day, May 25. What a great way to celebrate Decoration Day! Visit www.steamsational.com. Search for “Creative Flag Crafts”. I think you might find something fun and decorative to make for your celebration.
